

**SHAHEED RAJPAL DAV PUBLIC SCHOOL
DAYANAND VIHAR, DELHI -92**

SRDAV/SR/2014-15/02

Dated: May 6, 2014

Dear Parents,

It gives me immense pleasure to share with you that Iken Scientifica activity has gained popularity among the students. In its consecutive fourth year of existence this continues to provide a platform to hone their scientific temperament, skills, innovation & creativity in the subject. An experimental multidisciplinary design & Technology lab has been set up for the students to provide opportunities for hands on experiments on making working models to ignite their inquisitiveness. This endeavour has enhanced the interest of pupils and has encouraged multiple intelligence.

The workshops conducted for students also develop their ability to apply scientific concepts in real life. Pupil are encouraged to ask why, what, where, when and how about every invention or discovery that has taken place. The children have improved their interpersonal skills and interaction.

It is very gratifying to share that two teams of our school comprising of four students each participated in Iken scientifica 2013 in national finals (Round 3). Performance of both the teams was commendable as one of the team (Team code DH1) was declared 1st runner up and other team (Team Code DH2) was declared 2nd runner up. Also, in the session 2013-14 around sixty five teams have been selected for the second round of Iken Exam.

Once again, enrollment for the session 2014-15 for Iken Scientifica activity is invited. Interested students from classes VI to VIII can enroll themselves by paying an annual fee of ₹ 1500/- . The fees should be paid through cheque in favour of ‘Shaheed Rajpal DAV Public School, Dayanand Vihar’ and submitted to their respective class teachers latest by May 17, 2014

Please feel free to contact Mrs. Rajalaksmi Kumar at 9911783963 between 8.00 am to 09.00 am for any further queries.

Regards

Renu Laroia
Principal
