Dated: April 17, 2023

Dear Parents,

As responsible citizens, we should understand our role and responsibility towards our well being and community health. Cases of COVID-19 are being reported in Delhi. It is therefore advised that CAB (COVID Appropriate Behaviour) is followed.

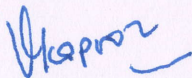

The following preventive measures should be taken care of:

- Wear masks at all times.
- Maintain hand hygiene. Wash hands frequently and use sanitizer.
- Maintain social distancing wherever possible.

If any student shows flu like symptoms-fever, cough, cold etc., he /she must refrain from coming to schools.

In case your ward is tested positive, you are requested to intimate the respective class teacher immediately and also share the medical report/pathology lab test report along with the intimation.

Regards
