BE A SAFE COMMUTER

Dear Parents

Important guidelines for van availing students-

- **All rules and regulations issued by STA (State Transport Authority) in respect to safety of children should be followed.**
- Ensure that the van is not overloaded. Number of students travelling in the van should not exceed one and a half times of the seats.
- No minor student should board the van alone with the male driver, in such case inform your parents to realign the van routes.
- Girl child should not sit on the front seat.
- Van drivers should not pick any stranger/unauthorized person into the vehicle during the route. Van driver should not allow the child to get down at point other than the pick and drop point fixed by the parents.
- Van should not be changed en route to accommodate children in some other van.
- Van drivers must not show or handover their mobile phones or any other electronic devices to the students.
- Parents must strictly intimate before 1:15pm, if they have any message for the van drivers as it is not safe while the driver is on his way to pick your ward.
- **Parents must shadow/monitor the vans regularly** so that the safety of their wards can be ensured. Supervision makes the van drivers more conscious of their conduct and makes them more vigilant of the students.
- Please ensure that the van driver do not drop the child in the morning before 7:25 am.
- The child will not be handed over to the van driver in between the school hours. It is the duty of the parents to pick their ward/s from the school in case of any medical emergency.
- The van driver should follow and maintain discipline norms in the van.
- Parents must ensure that the **driver is appropriately dressed, maintains personal hygiene and does not use abusive language.**
