

Dear Parents,

I extend my good wishes to all the pre-school students as they take the first step in their pursuit of good education. I also felicitate the parents as they join as partners in making the education meaningful and more effective.

An orientation programme for the parents of Pre-School students with respective class teachers has been scheduled on **18th March, 2023** i.e **Saturday** in the Nursery wing.

The interaction aims at giving insight into school's philosophy and curriculum. Other instructions and information regarding books, uniform, school transport etc will also be shared.

Kindly Note- Whatsapp class groups will be formed soon and class teachers will share more details about the orientation program.

Best Wishes
Principal
